TRUTH-IN-SAVINGS ACCOUNT DISCLOSURES

Except as specifically described, the following disclosures apply to all of the accounts. All accounts described in this Truth-in-Savings Disclosure are share accounts.

1. Rate Information. The Annual Percentage Yield is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for an annual period. For Ownership Share, Goal Saver, IRA Income, and College Saver ESA accounts, the Dividend Rate and the Annual Percentage Yield may change monthly as determined by the Credit Union. For Money Market accounts, the Dividend Rate and Annual Percentage Yield may change at any time as determined by the Credit Union. The Dividend Rates and Annual Percentage Yields are the prospective rates and yields that the Credit Union anticipates paying for the applicable dividend period. The Dividend Rate and Annual Percentage Yield applicable to Money Market accounts depend on the balance tiers set forth on the Rate Schedule. If your daily account balance is from \$100 and \$999.99, the Dividend Rate and Annual Percentage in the first tier shall apply. If your daily account balance is from \$1,000 to \$9,999.99, the Dividend Rate and Annual Percentage in the second tier shall apply. If your daily account balance is from \$10,000 to \$24,999.99, the Dividend Rate and Annual Percentage in the third tier shall apply. If your daily account balance is \$25,000 or greater, the Dividend Rate and Annual Percentage in the fourth tier shall apply. Once a particular range is met, the Dividend Rate and Annual Percentage Yield for that balance range will apply to the full balance of your account while at that range.

2. Nature of Dividends. Dividends are paid from current income and available earnings after required transfers to reserves at the end of the dividend period.

3. Dividend Compounding and Crediting. The compounding and crediting of dividends and dividend period applicable to each account are set forth in the Rate Schedule. The Dividend Period is the period of time at the end of which an account earns dividend credit. The Dividend Period begins on the first calendar day of the month and ends on the last calendar day of the month.

4. Accrual of Dividends. For Ownership Share, Goal Saver, Money Market, IRA Income, and College Saver ESA accounts, dividends will begin to accrue on noncash deposits (e.g., checks) on the business day you make the deposit to your account. For Ownership Share, Goal Saver, IRA Income, and College Saver ESA accounts, if you close your account before accrued dividends are credited; accrued dividends will not be paid. For Money Market accounts, if you close your account before accrued dividends are credited, accrued dividends will be paid.

5. Balance Information. To open any account, you must deposit or already have on deposit at least the par value of one full share in any account. The par value amount is stated in the Fee Schedule. Some accounts may have additional minimum opening deposit requirements. The minimum balance requirements applicable to each account are set forth above in the Rate Schedule. For Ownership Share and Money Market, there is a minimum balance required to avoid a service fee for the statement period. If the daily balance is not met, there will be a service fee as set forth in the Fee Schedule. Fresh Start Checking accounts have a monthly service fee as set forth in the Fee Schedule. For Ownership Share, Money Market, IRA Income, and College Saver ESA accounts, there is a minimum balance required to obtain the Annual Percentage yield for the dividend period. If the minimum balance is not met, you will not earn the stated Annual Percentage Yield. For Money Market accounts, there is a minimum balance required to obtain the Annual Percentage Yield for the dividend period. If the minimum balance is not met, you will not earn the stated Annual Percentage Yield. For accounts using an average daily balance method, dividends are calculated by applying a periodic rate to the average daily balance in the account for the period. The average daily balance is determined by adding the full amount of principal in the account for each day of the period and dividing that figure by the number of days in the period.

Account Limitations. For Ownership Share and Goal Saver, no more than six (6) preauthorized, automatic, or telephone transfers or online banking transfers may be made from this account to another account of yours or to a third party in any month. If you exceed these limitations, your account may be subject to a fee or be closed. For Money Market accounts, no more than three (3) checks clearing per month and three (3) over the counter transactions are allowed in any month. If you exceed these limitations, your account will be subject to a fee as disclosed in the Fee Schedule.
